The College

Randolph Community College began operation in 1962 as a joint city-county industrial education center under the direction of the Trades and Industrial Division, Department of Vocational Education. The North Carolina legislature in 1963 established a separate system of community colleges and the College became part of that system.

The College is approved by the North Carolina Community College System under the State Board of Community Colleges, as specified in Chapter 115D of the General Statutes of North Carolina. The College Board of Trustees has been granted authority to award the Associate in Applied Science and Associate in Arts degrees, vocational diplomas, and certificates by the North Carolina Community College System and the State Board of Community Colleges.

Continuing Education curricula include a state-approved Adult High School Diploma program, General Educational Development program, and a variety of preparatory level programs. The College is a member of the American Association of Community Colleges. Degree, diploma, and preparatory programs (including high school) are approved for veterans.

As a member of the North Carolina Community College System, Randolph Community College offers occupational and adult education to meet the educational needs of the youth and adults served by the College. The College accepts men and women for enrollment in a wide variety of subjects designed to meet the changing technology and complex social development of its community.

Student Activities

Randolph Community College, through Student Services, provides activities and services to enhance and broaden the educational experiences of students. While the College maintains a supervisory role over student activities, as specified in the following paragraphs, students are encouraged to take active roles in participation and leadership.

RCC attempts to provide extracurricular activities for students since the College believes that such activities contribute to the overall growth and educational development of an individual. Social activities have included fall and spring flings, and Halloween, Christmas, and Easter projects. Cultural activities have included writer's contests and sponsorship through the SGA of Martin Luther King Jr. remembrance activities. Educational activities have included sponsorship of visiting college representatives, RCC Parent Awareness night, and providing tours to visiting schools. Physical activities have included games at the fall and spring flings and participation in walk-a-thons.

Unless otherwise specified, activities will require the approval of the dean of Student Services or designee and may require notification of additional individuals and/or offices as designated by the dean.

In general, requests should be made in writing at least four weeks in advance. Please check with the dean of Student Services for specific details.

■ Student Government Association (SGA)

All curriculum students of the College are eligible to be represented through the student government. The Student Government Association formulates an annual budget from student activity fee proceeds, directs student elections and holds regular meetings to promote the interests of students.

■ Student Governance

Students are involved in College decision making through their participation on standing committees of the College and ad hoc committees appointed by the College Officers. Their role is to share and discuss views held by students pertaining to any particular topic.

The jurisdiction of the SGA is to represent the student body as outlined in the SGA Handbook. Although the SGA does not participate in the governance of the College, the SGA president does serve as a nonvoting member of the College Board of Trustees.

■ Social Functions

1. Social functions will be planned by the SGA and its advisors.
2. An appropriate number of chaperones shall be in attendance. Chaperones will be solicited by the SGA from members of the faculty and staff.
3. The dean of Student Services or the dean's representative shall be notified at least four weeks in advance of a planned social function in order to have the date cleared with the school administration and school calendar, and names of chaperones shall be given at least five days prior to the function.
4. All clubs and recreational activities are to be organized under the sponsorship of the SGA and Student Services offices. All plans are tentative and must receive final approval from the dean of Student Services.

10 Some activities may require the approval of the Board of Trustees.

■ Student Clubs & Organizations

RCC supports student participation in clubs and organizations. Groups wishing to form a club should first submit a written request to the dean of Student Services. Requests should support the interests and goals of the institution. Following approval by the dean, such interested parties should request to meet with the Student Government Association. All clubs must be approved by the SGA before they will be allowed to hold meetings.

Clubs will not discriminate on the basis of race, color, religion, national origin, political affiliation, sex, age, or handicap.

Clubs must be self-supporting. The SGA may assist the formation of a club with minimal seed money, but will not be responsible for activities and functions. However, joint SGA and club activities can be requested.

All clubs must have an advisor who is an RCC employee willing to supervise and participate in club activities.

Clubs may not enter into contracts for goods and services without the expressed permission of the club advisor and dean of Student Services.

Clubs which do not hold formal meetings at least once per semester may be terminated by the dean of Student Services. Such clubs will then be required to request reorganization to begin holding meetings.

Any club that allows illegal or otherwise improper activities or behaviors will be terminated by the dean of Student Services. Consequently, a request for reorganization would be required.

Club activities, to include but not limited to cookouts and forums, must be sanctioned by the Student Government Association and be approved by the specific club advisor and the dean of Student Services.

All major activities will require that an outline of events, including a budget if appropriate, be submitted to the dean of Student Services no later than one month prior to the event. Activities that include community participation may require a detailed synopsis and budget, and should be submitted to the dean of Student Services no later than one month prior to the event.

Currently, there are four students organizations at RCC: Common Threads, Phi Beta Lambda, Phi Theta Kappa, and the RCC Student Nurse Association.

Common Threads is a lunch table discussion group on prejudice and unity in diversity. The group meets every Wednesday at noon in the LRC conference room. All students are invited to participate. For more information, contact Chuck Egerton in RCC's Photographic Technology department.

Phi Beta Lambda is a national organization for individual students preparing for business occupations. RCC's chapter was chartered in the fall of 2000. For more information, contact Dr. Raphael Brown in RCC's Business Technology department.

Phi Theta Kappa is the International Honor Society of the two-year college. Since its founding, the purpose of Phi Theta Kappa has been to recognize and encourage scholarship among two-year college students. To achieve this purpose, Phi Theta Kappa provides

opportunity for the development of leadership and service, for an intellectual climate for exchange of ideas and ideals, for lively fellowship for scholars, and for stimulation of interest in continuing academic excellence. The society affords international recognition to students of distinguished achievement and provides a vehicle which reflects the academic integrity of the associate degree program. Randolph Community College chartered the Beta Theta Rho chapter of Phi Theta Kappa in November of 1999.

The **RCC Student Nurse Association** is a chapter of both the North Carolina Association of Nursing Students (NCANS) and the National Student Nurse Association. The primary focus of the group is to help nursing students become aware of their influence on policy making and stay abreast of the issues related to health care and nursing. The organization serves as a networking mechanism for jobs and educational endeavors. Members seek to have service projects to benefit people in need.

■ **Student Center**

RCC provides a student center for the comfort and relaxation of its student body. It is open day and evening so that students may relax in an informal atmosphere.

It is the duty of both students and staff to help keep the lounge area as neat and clean as possible at all times. Good housekeeping practices should be maintained. All food and drinks are to be confined to the Food Service dining area.

■ **Student Publications**

Students at RCC have the right and privilege of freedom of expression through student publications. Requests for student publications will be presented to the Review Committee, which will determine their purpose, content and appropriateness to the goals of the College and its role in the community. The committee will appoint a supervising editorial advisor. This individual will oversee all aspects of the approved publication.

The Review Committee is composed of the following:

1. The vice president for Instructional & Student Services
2. The dean of Student Services
3. One member from the English faculty
4. Two representatives from the student body, one from Curriculum and one from Continuing Education

In cases where the final decision of the Review Committee is not satisfactory to the student, the normal due process of the College is observed.
