## WE ARE HERE TO HELP YOU!

### SCHOLARSHIP SEARCHES

#### The RCC Virtual Scholarship Room

[www.randolph.edu/scholarships/index.php](http://www.randolph.edu/scholarships/index.php)

Each year, the Office of Financial Aid and Veterans Affairs receives several letters from scholarship entities that are offering free money to college students. Our office compiles information and puts it into an online database so students can search for money any time, anywhere.

#### College Foundation of North Carolina

[www.cfnc.org](http://www.cfnc.org)

College Foundation of North Carolina is a nonprofit partnership between Pathways of North Carolina, College Foundation Inc., and the North Carolina State Education Assistance Authority. Together, they provide a complete and comprehensive source of information — and real solutions — for students and their families.

#### fastWEB!

[www.fastweb.com](http://www.fastweb.com)

FastWeb, the Internet's leading scholarship search service, helps students make the decisions that shape their lives: choosing a college, paying for college, and finding jobs and internships.

### INTERNET RESOURCES

#### FAFSA on the Web

[www.fafsa.ed.gov/](http://www.fafsa.ed.gov/)

FAFSA stands for Free Application for Federal Student Aid. This online form is used to determine the amount of money a family is expected to contribute to the price of attending a postsecondary institution. The results of the FAFSA are used in determining student grants, work-study, and loan amounts.

#### FAFSA4caster

[www.fafsa4caster.ed.gov/](http://www.fafsa4caster.ed.gov/)

FAFSA4caster is a Web site maintained by Federal Student Aid to assist students and their families in planning for college. This free tool can be used to provide an estimate of eligibility for federal financial aid. (State or Institutional financial aid is not determined in this estimate.)

#### National Student Loan Database System

[www.nsls.ed.gov](http://www.nsls.ed.gov)

The National Student Loan Data System (NSLDS) is the U.S. Department of Education's (ED's) central database for student aid. NSLDS receives data from schools, guaranty agencies, the Direct Loan program, and other Department of ED programs. NSLDS Student Access provides a centralized, integrated view of Title IV loans and grants so that recipients of Title IV Aid can access and inquire about their Title IV loans and/or grant data.

#### College.gov

[www.college.gov](http://www.college.gov)

College.gov was built by the U.S. Department of Education in collaboration with students. This site is intended to be the go-to source for information and resources about planning, preparing and paying for postsecondary education (such as 2- or 4-year colleges and universities, and vocational or career schools). Most importantly, college.gov is intended to provide inspiration and hope to all students, and encourage them to consider and pursue a postsecondary education.

#### Opportunity.gov

[www.opportunity.gov](http://www.opportunity.gov)

Opportunity.gov is a new Web site that provides information on programs, financial aid, questions and answers, along with other resources available for unemployed workers. Unemployed workers receiving unemployment benefits may qualify for a special hand in paying for education and training. And aid can be significant: In particular, the Federal Pell Grant program can provide up to \$5,350 for educational costs at community colleges, colleges and universities, and many trade and technical schools. This is only one example of several federal student aid programs available to assist unemployed workers and this Web site offers guidance and instruction on how to access these programs and funds.
