

Transferring Course Credits

Transcripts of prior work will be evaluated and final acceptance or rejection of the transfer credit lies with Salem College. The candidate will receive a statement of this evaluation with the provision that all transfer credit will be regarded as tentative, pending the finalization of the student's enrollment at Salem, at the end of the drop/add period.

Salem College is a signatory institution of the Independent Comprehensive Agreement between the North Carolina Independent Colleges and Universities and the North Carolina Community College System. The agreement, signed in 2009, expands opportunities for students to transfer to Salem. As part of this agreement, Salem College guarantees that students of North Carolina community colleges who graduate with the A.A. or A.S. degree, or who have completed the General Education Core for the A.A. or A.S., and who are admitted to and enroll at Salem, shall be considered to have completed the requirements for the lower-division Salem Signature general education core. Such students will still be required to meet Salem's foreign language and physical education requirements, where applicable, as well as all upper-division Salem Signature requirements required for the degree. Students who graduated with an A.A. or A.S. from a North Carolina Community College prior to fall 1997 do not fall under the provisions of the Articulation Agreement.
