Dear Senator Tillis, Senator Budd, and Congressman Hudson:

I would like to offer my support for Randolph Community College's request for federal funding to establish the Liberty Education and Workforce Training Center. This investment will help strengthen the region's workforce development and support North Carolina's competitiveness in business retention and attraction.

The Center will provide workforce training, higher education, and business development focused on advanced manufacturing and healthcare. This project will prepare a skilled workforce to meet the needs of new and expanding industries in the region, including major industrial investments like the Toyota Battery Manufacturing Plant, Wolfspeed, Boom Supersonic, and JetZero, and support job creation in Randolph County and surrounding areas.

Thank you for your consideration of this request. Please contact me if you have any questions or if I can provide any additional information.

Sincerely,

Senator Dave Craven
