

March 27, 2026

The Honorable Thom Tillis
United States Senate

The Honorable Ted Budd
United States Senate

The Honorable Richard Hudson
United States House of Representatives

Dear Senator Tillis, Senator Budd, and Congressman Hudson:

On behalf of Toyota North Carolina, I respectfully offer support for Randolph Community College's (RCC) federal appropriations request for the proposed RCC Liberty Education and Workforce Training Center. RCC was instrumental in supporting Toyota's initial employee training and integrating the company into Apprenticeship Randolph.

Randolph Community College has demonstrated a strong commitment to workforce development, and establishing the Liberty Education and Workforce Training Center would expand access to programs aligned with regional employment needs.

Toyota North Carolina respectfully supports Randolph Community College's request for federal funding to develop the RCC Liberty Education and Workforce Training Center. We hope this investment boosts regional workforce, drives continued economic growth and enhances North Carolina's role in advanced manufacturing and domestic supply chains.

Sincerely,

Don Stewart
President
