

Medical Assisting combines compassion, precision, and versatility. As one of the fastest-growing healthcare careers in the U.S. **Medical assistants are essential members of the care team.**

Begin your journey by enrolling in Randolph Community College's Medical Assisting program!

## WHY JOIN THE RCC MEDICAL ASSISTING PROGRAM?

Do you want a stable, rewarding job where every day brings something new? As a medical assistant, you'll perform everything from taking vital signs and administering medications to managing patient records and insurance claims—all while making a difference.

- RCC Medical Assisting boasts a 90% AAMA certification pass rate and an 87.8% job placement rate (2018–2022)
- 100% of employers report being highly satisfied with RCC graduates.
- The U.S. Bureau of Labor Statistics projects 14% job growth through 2032—double the average rate.
- Learn hands-on in modern clinical labs at RCC's Allied Health Center and gain experience through supervised clinical rotations.
