

Radiography offers a wide range of **rewarding and specialized career opportunities**, with professionals in North Carolina earning a median salary of approximately \$62,460.

Begin your journey by enrolling in Randolph Community College's Radiography program!

WHY JOIN THE RCC RADIOGRAPHY PROGRAM?

Radiography is a fast-paced, highly respected field that offers stability, flexibility, and the reward of helping others. Here's why you should study with us at RCC:

- In June 2025 RCC boosted its radiography program with a nearly \$1 million in state grant. Launching a mammography certificate and modernizing the radiography program to better prepare our students.
- 100% of RCC radiography students have graduated with a job lined up.
- RCC's radiography program remains fully accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT)
